New Synthesis of a Pyrroloquinoline Skeleton, the Martinelline Core, Using a Tandem Michael-Aldol Strategy

Osamu Hara, Kazuhiko Sugimoto, Kazuishi Makino, Yasumasa Hamada* *Synlett*, **2004**, 1625.

The formal synthesis of martinelline, by a route very different from that we described, has been published and should be included as Reference (3) part (f) on page 1627.
